

Stonefield Query

Easily generate the reports you need to run your business

With Stonefield Query, you can:

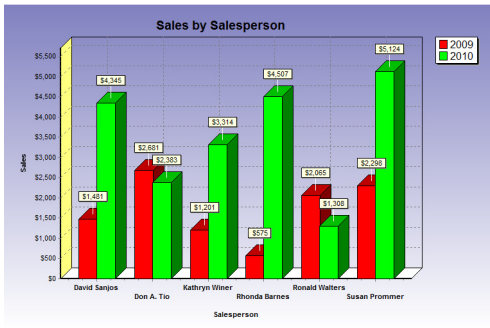

- Generate informative reports without having complex reporting skills
- Create professional-looking charts and graphs
- Easily report on optional fields
- Export data to Microsoft® Excel®, Word, PDF... any format you can think of
- Create mailing, product, or barcode labels
- Schedule reports to run at night or weekends
- Select from a full suite of predefined reports
- View full descriptions for all fields and tables
- Report on multiple companies in a single report
- Drilldown to see details
- Analyze your data using cross-tab reports

"Stonefield Query has a great user interface, it is straight-forward, easy to use, and accesses information quickly. It offers users a lot more options to extract information."

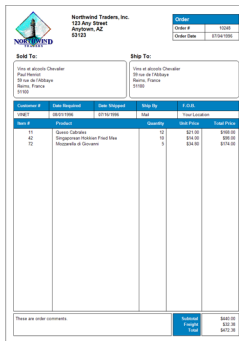

— Syed Ali
CyberQuest Solutions

Why you should use Stonefield Query

- Make report writing a snap with user-friendly design for even the most inexperienced user
- Create elegant, persuasive, and easy-to-read reports in six easy steps with the report wizard
- Set up reports in minutes and allow control of the sort order, filter conditions, and output
- Define different levels of user access for reports with custom security settings

Create this sales chart with just a few mouse clicks

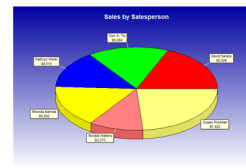

Use the Advanced Report Designer to create professional-looking reports
